# PRESIDENT'S MESSAGE

Our November meeting was extremely relevant. The phase out of R410A, probably the most used refrigerant at this time, is something every member should be aware of. Our speaker, Don Gillis of Chemours Chemicals gave a detailed explanation of the timeline of the phase out.

Our December meeting is scheduled to be an in-person meeting.

In last month's meeting notice you were asked to RSVP, since the restaurant needs to know how many members to expect. It is NOT too late to RSVP to:
